**RESOLUTION IN RECOGNITION AND CELEBRATION OF
NATIONAL WOMEN'S HISTORY MONTH - MARCH 2017**

WHEREAS, American women of every race, class and ethnic background have made historic contributions to the growth and strength of our Nation in countless recorded and unrecorded ways and have served as early leaders in the forefront of every major progressive social change movement in the United States; and

WHEREAS, The National Women's History Month 2017 Theme is "**Honoring Trailblazing Women in Labor and Business**" – remembering women who have successfully challenged the role of women in both business and the paid labor force, women have always worked, but often their work has been undervalued and unpaid, women who represent many diverse backgrounds and made their marks in different fields, women whose work and influence spans three centuries of America's history, these women all successfully challenged the social and legal structures that have kept women's labor underappreciated and underpaid, facing stark inequalities in the workplace (lower wages, poor working conditions, and limited opportunities), they fought to make the workplace a less hostile environment for women, they succeeded in expanding women's participation in commerce and their power in the paid labor force, and as labor and business leaders and innovators, they defied the social mores of their times by demonstrating women's ability to create organizations and establish their own businesses that paved the way for better working conditions and wages for themselves and other women, they proved that women could succeed in every field, and each in her own way demonstrated that women in business and labor can and should be considered the norm, most importantly, they continue to pave the way for generations of women to follow; and
