

## Help shape plans for New Bedford's Community Preservation Act funding!

The Community Preservation Act (CPA) allows communities to create funding to preserve open space and historic resources, create affordable housing, and develop outdoor recreational facilities. The Community Preservation Committee (CPC) oversees the implementation of the CPA in New Bedford.

The CPC is now looking for your ideas to help update the Fiscal Year 2019 Community Preservation Plan identifying and establishing New Bedford's priorities in each of the four categories that CPA funding supports.

### CPA BENEFITS
